

THE CITY

A Builder Level

Purpose

This badge is to help you discover what is good and bad about city life, and to find out what responsibilities God says His followers have for their city.

Exploring

Did you know that most Australians live in cities? In fact Australia is one of the most urbanised countries in the world even though there is lots of space to live out in the country.

The city can be both a good or bad place in which to live. On the one hand it is a place of brilliant discoveries, science, technology, industry, art, on the other hand it can be a place of loneliness, poverty, crime and unhappiness.

The Bible tells us that the city is man’s creation, that man often uses the city to rebel against God, but that because of Jesus’ death and resurrection the city too will one day become a perfect place to live.

1. Draw the outline of a city skyline; copy it from a photograph or picture.
Write down as many words as you can that make you think of city life (e.g. cars, noise, people etc.)

2. Make a list of the good and bad things about living in the city.

4. In your Bible read the story of two cities, one at the beginning of history, the other at the end of history. Compare these two cities by noting down all the things the Bible says about each (get your Counsellor or parents to help you). What is the difference between them? Which would you rather live in? What specifically could you pray for?

.....

For the time agreed on with your Counsellor work on a project to *better your city* and daily pray for the people and things you have explored.
